

The Impact We Made Together in 2023

THANKS TO THE KIND SUPPORT OF CHOC ASSOCIATES, we continue to improve the lives of children in Orange County and beyond. Twenty-three percent of associates participated in Associate Giving in 2023, joining together with **ONE HEART**, in support of our *One Mission*. Together, we were able to help contribute to the following:

>250,000

Children cared for every year

100%

Committed to family-centered care

UNCOMPENSATED CARE

\$164M+

CHOC provided \$164 million+ in uncompensated care, aiding families without insurance or who have inadequate coverage

5 CLINICAL CENTERS OF EXCELLENCE

Heart

Neurology/
Neurosurgery

Orthopaedic

Cancer

Research

2 STATE-OF-THE-ART PEDIATRIC HOSPITALS & MULTIPLE OFF-CAMPUS LOCATIONS

334 BEDS
CHOC in Orange

54 BEDS
CHOC at Mission Hospital

46 OFF-CAMPUS pediatric
primary and specialty care locations

KIDSCARE

Because a pediatric healthcare system like CHOC needs flexible resources to treat our patients' immediate needs, KidsCARE is the vital reserve that allows us to efficiently direct support to the areas of greatest need—and promise. Your generosity helps support clinical care, advancement, research and education (CARE) with initiatives like:

Opening 25 WellSpaces to date—welcoming, school-based oases which have significantly improved the mental health of participating students

Conducting transformative clinical trials in nearly all of our pediatric subspecialty areas, including our Hyundai Cancer Institute's leading work in providing new treatment options for leukemia, lymphoma and sarcomas

Breaking ground on a new, nine-story, 330,000-square foot Southwest Tower, which will house a wide range of pediatric outpatient services in a patient-and-family-centered environment

ONE WISH GRANTS (OWG)

With its Board of Directors, CHOC Foundation has partnered with philanthropic support and CHOC's Associate Giving program to fund inventive programs and services that drive CHOC forward.

2024 | Awarded a total of \$335,405 in grants to 5 winning projects out of 40 teams that applied

45 projects awarded in total since 2017

Invested more than \$3 million in innovative projects since 2017, of which many projects have been integrated into the CHOC enterprise

AWARDS & RECOGNITION
